Hi Fernando,

I just spoke to Mr. Maxey and he said that LADWP will cut back as many trees as they can. He estimates about 4 ft per tree. After they complete their work, we can see what else needs to be done. I know there is one tree that is hanging over the roof of her neighbor that DWP will not cut, and her shed in the backyard is severely damaged.

Albi, if you will work with Renee regarding the sewer line being cleared where the private property ends that would be appreciated.

Thank you,

Dina

Hello Mr. Maxey,

One of our Senior constituents with very limited resources called regarding two problems.

1. She said that she has severe plumbing issues due to a back-up from her mainline where the City of Los Angeles sewer connection is.
2. There are extremely overgrown trees in her yard and neighboring properties that are sitting on LADWP lines that need cutting back. (Pics attached).

Mrs. Lynette Price
323.376.6792
4900 11th Ave.
Los Angeles, CA

Please give her a call.

Thank You,

Dina
